January 2005

Volume Eight Number Two

On-Line Registration at Eastview High School

The registration process at EVHS offers students, with the assistance of their parents, an opportunity to plan their educational path for the 2005-2006 school year. This year, students/parents will register on-line at www.district196.org/evhs between February 9 and February 16 for current grade 9-11 students and January 13 through January 28 for current 8th grade students. Students/parents will have the opportunity to complete their registration from school, home, work, the public library or any other location where there is access to a computer and the Internet. Because these decisions will impact course offerings and staffing decisions, adjustments will not be made to student registration course selections after February 6th, *unless* they occur during the Registration Review Period prior to each semester and are supported by the school course change guidelines. The following timeline will help you plan your registration decisions.

2005-2006 REGISTRATION TIMELINE

- | | |
|----------------|---|
| Feb. 1 | Students in grade 8 return registration forms to their homeroom teacher. |
| Feb. 9 | Students in grades 9-11 complete the on-line registration process by this date. |
| Mar. 16 | Final date to make adjustments to student registration for 2005-2006. |

Students from DHMS, RMS and VMS, who are scheduled or choose to enroll at Eastview High School, will be contacted on an individual basis to discuss registration at EVHS.

Registration Communication

Parents with questions regarding the registration process or course selection may contact the student's current teacher, guidance counselor or the academic department coordinator. Email and voice mail contacts are listed in the EVHS Calendar/ Guidebook.

- Teachers are the student's primary registration advisors. (e.g. If a student has an English course question, please see the current English teacher.)
- Counselors will be available in the commons, during student lunch periods in February, to answer registration questions.

Mid-Term & Parent/Teacher Conferences

Your next opportunity for Parent/Teacher Conferences are on the evening of Thursday, March 10, 2005.

Students will register on-line at www.district196.org/evhs between February 9 and February 16.

Applying for Financial Aid

1. All financial aid begins with the **(FAFSA) Free Application for Federal Student Aid**. The forms can be obtained in the guidance office or can be completed on line at www.fafsa.ed.gov. This application is the basis for qualifying for any federally or state funded financial aid program. Some individual colleges may require an additional form to be filled out in order to obtain additional financial information.
2. Families and students should complete their taxes as soon as possible. With this information, fill out the FAFSA and send it in. It is an advantage to complete the FAFSA early. (If you cannot complete your taxes early, do not wait. You may use estimates, but you will be required to provide verification later.)
3. Within 3-6 weeks, the Department of Education will send you an acknowledgement which includes your Expected Family Contribution and any eligibility for the Federal Pell Grant. The EFC is the amount of money that your family is expected to contribute toward the student's education. This amount stays the same regardless of the cost of the school to which the student applies.
4. Your college(s) will use the EFC to determine your financial need with a simple formula: **Cost of the school – EFC = Financial Need**. For example, if the cost of the school is \$16,000 and your EFC is \$ 9,000 then your financial need at that college is \$7,000.
5. It is then up to the college to try to meet that need. Your college will then construct a financial aid package that may include scholarships, grants, loans, and work study. You will receive notice of that package in an Award Letter from the financial aid office.
6. You should respond to the Award Letter promptly to notify your college that you accept all, part, or none of the Financial Aid Package. If the financial aid package is not adequate or you have questions, contact the financial aid office at the college to discuss the situation.
7. If there is a change in your family's financial status: divorce, loss of job, significant change of income, added medical expenses or other circumstances that may impact your resources, contact the financial aid office at your college to discuss the matter. The colleges have some ability to make adjustments to accommodate special circumstances.

Just Say “NO” to Spring Break Trips to Mexico

We are approaching the time of year when your senior and sometimes your junior student is being approached by fellow classmates and travel agency representatives to consider a spring break to Mexico. Eastview High School personnel have unearthed several spring break trip itineraries to Mexico that speak of such things as: 36 hours of free drinks; hotels across the street from 5 major bars; foam dancing; and drinking boat tours.

Eastview High School does not authorize nor do we promote these spring break trips to Mexico. Eastview's Parents Are Key (PAK) and Eastview High School believe groups of students should always be supervised by parents or teachers during spring break trips. We see these trips as a serious health and safety issue for your teen. Because nothing is more important than the health and safety of our children, we are writing this letter to Eastview parents to caution you about a real and serious threat to your child's health and safety.

In May 1998, the Star Tribune ran a 3-day series of articles about teen drinking. Those articles created a clear, yet frightening description of what happens when teens are allowed to go to Mexico during spring break.

1. “More than 1,000 Twin Cities-area high school students flocked to this mecca of drinking, parties, sun and sex last spring, enabled by parents who don't say no.”
2. “For seven days, most of these kids rarely will be sober, some of them will take risks they never would at home, and a few will pay dearly for their lapses in judgement.”
3. “These kids get down there and explode,” said a sales manager for a tour company that targets college students for spring break trips. “They (high school kids) don't know how to handle themselves.”
4. “(Girls) faced such risks, as date-rape drugs being slipped into their cups.”
5. “The alcohol-and sex-drive atmosphere was more evidence that parents are forcing adulthood on kids before they're ready.”
6. “The anything-goes atmosphere, combined with unlimited access to alcohol, even for those under 18, left many parents worrying how far their children or their classmates would go.”

We are seriously concerned about any child who goes to Mexico with little or no supervision. Appropriate healthy alternatives that families might consider are spring break trips offered by spring sports teams and other school sponsored activities.

Please also consider supporting our belief that the best way to enjoy your senior's last spring break would be together as a family. Just say “NO” to spring break trips to Mexico for the health and safety of your child.

Turning the Tide: EVHS Tsunami Relief Generosity

In response to the recent tragedy in Southeast Asia, the Eastview Student Council, National Honor Society, LINC Leadership and Diversity Club combined efforts to organize the EVHS Tsunami Relief Walk-a-Thon on January 21, 2005. The event was actually a series of five mini-walks throughout the school day, aimed at 100% participation from the EVHS students and staff. Emphasis was on the power of community and the educational opportunities that arose in the aftermath of this devastating global disaster.

Eastview teachers went to their classes on Tuesday, January 18th armed with educational tools and an inspirational video to introduce the relief effort. Each and every teacher became involved as they generated interest and excitement in their students. The theme for the week was "Generosity is contagious...start an epidemic today."

Students and staff members could join the walk with a \$5 minimum donation. Each participant was challenged to contribute \$10 more by "giving it up" for a week, by sacrificing their allowance, a portion of their paycheck, gas money, daily coffee/pop money, etc. Students were also encouraged to fundraise in their neighborhoods to make an additional contribution. Event organizers hoped that with 100% participation by students and staff, the EVHS community could raise \$15,000 for the American Red Cross tsunami relief effort.

Community members were also invited to be a part of the Eastview effort. Student and parent volunteers arrived before dawn to welcome over forty community walkers from 7-8am. WCCO television and radio reporters were also there to cover the start of the event.

Eastview students walked during designated hours of the day, depending on their grade. The freshman class started the student portion of the walk during 2nd period, seniors followed during 3rd period, juniors came in 4th period and sophomores ended the day during 6th period. Walkers listened to music provided free of charge by Northern Lights Professional Light, Sound and Video and had an opportunity to play basketball for an additional \$1 donation. Prizes donated by various sponsors were also given away throughout the day.

As of the end of the day on Friday, the Epidemic of Generosity in the Eastview community raised \$45,487 for the Tsunami Relief effort. Combined with proceeds from Friday night's school dance and contributions coming in through the weekend, Eastview's donation to the American Red Cross is **\$47,614.14**. Thanks to a local business donor, Eastview's money will be doubled, resulting in a **\$95,228.28** donation! The event organizers are very thankful for the outpouring of support from the staff, students, and community.

Eastview High School Student Council participates in Holiday Giving...

The Eastview High School Student Council collected over \$4000 in cash donations from the EVHS community in

the eighth annual Toys for Tots drive. Students collected donations during school, at school sporting events and fine arts performances, and within their neighborhoods throughout the two-week collection period. The students spent over \$1000 on educational toys from Discovery Toys (thanks to the generosity of Discovery Toys Sales Consultant, Sue Marek, who once again donated her commission to allow us to significantly increase our purchasing power) and spent the remainder at the Apple Valley Super Target. Special emphasis was given to purchasing toys for teens, as they are often overlooked during the holiday season. Representatives from the U.S. Marine Corps picked up the toys for delivery to the KARE 11 studios on Tuesday, December 21st.

EVHS students also showed their generous spirit through donations to the Giving Tree, which is a collection of new mittens, hats, gloves, scarves and other winterwear items. Students competed within their fifth period classes for a combined total of over 1300 items! While many students donated items purchased from local stores, others got into the action by hand-making knit and fleece items. The winterwear was donated to the Rosemount Area Resource Center and Dakota Woodlands.

The EVHS Student Council would like to extend a HUGE thank you to all of the students, staff and community members who generously helped with these drives this holiday season! It was our biggest year ever!!!

**"Generosity is contagious...
start an epidemic today."**
