"coming together is a beginning...keeping together is progress...working together is success!"

January 2002

Volume Five Number Three

Registration Process Begins at Eastview High School

The registration process at EVHS offers students, with the assistance of their parents, an opportunity to plan their educational path for the 2002-2003 school year. The registration process begins in January and during the month, parents and students learn about EVHS curricular opportunities, discuss options and, finally, make decisions about the courses they will reserve for the entire 2002-2003 school year. Because these decisions will impact course offerings and staffing decisions, adjustments will not be made to student registration course selections after February 14th, *unless* they occur during the Registration Review Period prior to each semester and are supported by the school course change guidelines. The following timeline will help you plan your registration decisions.

2002-2003 REGISTRATION TIMELINE

- | | |
|-----------------|---|
| Jan. 4 | Students in grades 9-11 receive registration materials. |
| Jan. 7 | Registration Meeting and Open House for parents of 8th graders, 6:30 at EVHS in the Performing Arts Center. |

Students from DHMS, RMS and VMS who are scheduled or choose to enroll at Eastview High School will be contacted on an individual basis to discuss registration at EVHS.

"Helping parents help students make good decisions about course selections and post-high school planning."

Registration Communication

Parents with questions regarding the registration process or course selection may contact the student's current teacher, guidance counselor or the academic department coordinator. Email and voice mail contacts are listed in the EVHS Calendar/Guidebook.

- Teachers are the student's primary registration advisors. (e.g. If a student has an English course question, please see the current English teacher.)
- Counselors will be available in the commons, during student lunch periods in January, to answer registration questions.

Applying for Financial Aid

1. All financial aid begins with the **(FAFSA) Free Application for Federal Student Aid**. The forms can be obtained in the guidance office or can be completed on line at www.fafsa.ed.gov. This application is the basis for qualifying for any federally or state funded financial aid program. Some individual colleges may require an additional form to be filled out in order to obtain additional financial information.
2. Families and students should complete their taxes as soon as possible. With this information, fill out the FAFSA and send it in. It is an advantage to complete the FAFSA early. (If you cannot complete your taxes early, do not wait. You may use estimates, but you will be required to provide verification later.)
3. Within 3-6 weeks, the Department of Education will send you an acknowledgement which includes your Expected Family Contribution and any eligibility for the Federal Pell Grant. The EFC is the amount of money that your family is expected to contribute toward the student's education. This amount stays the same regardless of the cost of the school to which the student applies.
4. Your college(s) will use the EFC to determine your financial need with a simple formula: **Cost of the school – EFC = Financial Need**. For example, if the cost of the school is \$16,000 and your EFC is \$9,000 then your financial need at that college is \$7,000.
5. It is then up to the college to try to meet that need. Your college will then construct a financial aid package that may include scholarships, grants, loans, and work study. You will receive notice of that package in an Award Letter from the financial aid office.
6. You should respond to the Award Letter promptly to notify your college that you accept all, part, or none of the Financial Aid Package. If the financial aid package is not adequate or you have questions, contact the financial aid office at the college to discuss the situation.
7. If there is a change in your family's financial status: divorce, loss of job, significant change of income, added medical expenses or other circumstances that may impact your resources, contact the financial aid office at your college to discuss the matter. The colleges have some ability to make adjustments to accommodate special circumstances.

Just Say “NO” to Spring Break Trips to Mexico

We are approaching the time of year when your senior and sometimes your junior student is being approached by fellow classmates and travel agency representatives to consider a spring break to Mexico. Within the past 2 weeks, Eastview High School personnel have unearthed several spring break trip itineraries to Mexico that speak of such things as: 36 hours of free drinks; hotels across the street from 5 major bars; foam dancing; and drinking boat tours.

Eastview High School does not authorize nor do they promote these spring break trips to Mexico. Eastview's Parents Are Key (PAK) and Eastview High School believe groups of students should always be supervised by parents or teachers during spring break trips. We see these trips as a serious health and safety issue for your teen. Because nothing is more important than the health and safety of our children, we are writing this letter to Eastview parents to caution you about a real and serious threat to your child's health and safety.

In May 1998, the Star Tribune ran a 3-day series of articles about teen drinking. Those articles created a clear, yet frightening description of what happens when teens are allowed to go to Mexico during spring break.

1. “More than 1,000 Twin Cities-area high school students flocked to this mecca of drinking, parties, sun and sex last spring, enabled by parents who don't say no.”
2. “For seven days, most of these kids rarely will be sober, some of them will take risks they never would at home, and a few will pay dearly for their lapses in judgement.”
3. “These kids get down there and explode,” said a sales manager for a tour company that targets college students for spring break trips. “They (high school kids) don't know how to handle themselves.”
4. “(Girls) faced such risks, as date-rape drugs being slipped into their cups.”
5. “The alcohol-and sex-drive atmosphere was more evidence that parents are forcing adulthood on kids before they're ready.”
6. “The anything-goes atmosphere, combined with unlimited access to alcohol, even for those under 18, left many parents worrying how far their children or their classmates would go.”

We are seriously concerned about any child who goes to Mexico with little or no supervision. Appropriate healthy alternatives that families might consider are spring break trips offered by spring sports teams or religious organizations. Eastview High School is offering the following opportunities for your students in various programs:

- Softball to Orlando
- Baseball to Florida
- Band to China
- Boys' Golf to Orlando
- AP European History to Italy

Please also consider supporting our belief that the best way to enjoy your senior's last spring break would be together as a family. Just say “NO” to spring break trips to Mexico for the health and safety of your child.

ARTS, ACTIVITIES AND ATHLETICS

Spring Fashions Hit the Runway

On Tuesday, April 2, 2002, the Eastview High School Fashion Merchandising class will present the Fifth Annual Spring Fashion Show in the Performing Arts Center. Students enrolled in Fashion Merchandising are ultimately responsible for all aspects of the show including picking out the clothes, writing the script, designing the set, modeling, and all of the promotional activities that go along with it. The Spring Fashion Show is designed to allow students to apply what they have learned in the classroom to a real-world experience. The show is sure to be a hit, so we hope to see you on April 2 at 7:00 p.m.

Lightning Theatre

As an award for excellence in the performing arts, the Eastview Theatre Department has been nominated by the American High School Theatre Association to apply to perform at the International Fringe Festival in Edinburgh, Scotland. Given to few high schools annually, this honor is offered to those programs that continually raise the standard for high school theatre.

The Fall play, *The Diviners*, played to large houses in early November sending them off with memories of a young mentally handicapped boy with an immense fear of water. Helped to overcome this fear by a backsliding preacher, the boy drowns in one of the most emotionally catastrophic scenes to touch the Eastview stage. The twenty-seven scenes of the script were played fluidly on a set designed of cedar platforms surrounding a center of 3,000 pounds of black dirt and sand. With a cast and crew of 100 students, including ten elementary school students, this blend of heart-warming humor and unexpected horror is one not soon to be forgotten by audience members.

Now in rehearsal as this year's one act competition play is Minneapolis playwright Kevin Kling's dark comedy, *The Ice Fishing Play*. It provides a cast and crew of twenty students working together to develop an artistic vision. Designed to offer students an opportunity to develop and polish performance skills, design technique, and script analysis, this year's one act affords students the challenge of replicating memory while at the same time carrying a darkly comedic plot line. Section prelims will be held at Eastview on Tuesday, January 22nd beginning at 3:30 PM in the Performing Arts Center. Admission to this event is free.

Auditions for the Spring musical, *Grease*, will be held on stage February 19th and 20th. Perhaps the most popular 50's musical, it features the gum-chewing, hub-cap stealing, hot-rod-loving boys in leather jackets and the wise-cracking *pink ladies* in teased curls, bobby sox, and pedal pushers. Embodying the look and sound of the 1950's, this fun-loving musical salutes the rock 'n' roll era with memorable songs like "Look at Me, I'm Sandra Dee," "Summer Nights," "Beauty School Dropout," and "Greased Lightning." Audition music is already available in the main office! Production dates are May 2, 3, 4, 10, and 11 at 7:30 PM and May 5 at 2:00 PM. See you at the show!

The Eastview musical variety show, *Bravo 01-02, "A Holiday Spectacular"* played to sold-out houses in early December bringing holiday entertainment to both young and old. A cast and crew of more than 150 students, including about twenty elementary school cast members, made this production a wonderful community event.

Eastview High School Student Council participates in Holiday Giving...

The Eastview High School Student Council raised over \$4000 in cash donations from the EVHS Community in the fifth annual **Toys For Tots** drive. Students collected donations at school throughout the two-week collection period, at various home sporting events and at all BRAVO performances. The students went on a huge shopping spree at local stores, where they purchased hundreds of toys for children of all ages. A group of Student Council members donated their busload of toys to the US Marine Corps at the **KARE 11 STUDIOS** in Golden Valley. The Student Council would like to extend a special thank you to Eastview community member Sue Marek, Senior Manager at Discovery Toys, for her generosity and assistance in the purchase of hundreds of educational tools and toys. A special thanks also goes out to the anonymous donor of 48 Boyds Collectible Bears, which were added to our donation. And, thanks to all Eastview students and community members who contributed to making this important charity drive a huge success.

Another time-honored holiday tradition that took place at Eastview in December was the **Giving Tree** collection. Students donated new mittens, hats, gloves and scarves for distribution to local shelters. At last count, the EVHS community had donated over 800 winter-wear items for people of all ages, which were scheduled to be given to Mary's Shelter, the Lewis House and the Crisis Nursery. Way to go, Eastview community!
