

# Target Day 2018-2019 FAQ's

As we approach an Eastview High School's Target Day see the information below for responses to many frequently asked questions.

- Each high school in ISD196 is engaging in a similar process, with some variations depending on the site. Eastview will offer Target Days on the following dates:

- |                      |                      |
|----------------------|----------------------|
| 1. October 11, 2018  | 4. February 21, 2019 |
| 2. December 06, 2018 | 5. March 21, 2019    |
| 3. January 10, 2019  | 6. May 16, 2019      |

Please note that Target Days are considered a regular school day; the daily schedule has been modified so that we can provide both enrichment and intervention opportunities and support for our 2100+ students.

- What does intervention mean? What type of intervention will be available?**

Academic intervention is the process of providing additional support and/or time to ensure student learning. Support may be focused instructional time with a teacher (individual or small group) or it may be more general guided practice. Direct instruction, teacher-student conferencing, academic study groups, peer tutoring, online formative assessments and skill development tools may all be a part of the intervention process.

- How/why would my student be targeted for academic intervention?**

Every classroom teacher will identify students in need of additional support and/or time. Teachers may use assessment data, homework, grades, classroom observations and more when determining Target Day focused interventions. Teachers may also refer students to a general intervention session for homework completion or test make-up. Students will be notified by classroom teachers of their Target Day placement. Schedules will be available on the Student/Parent Portal as well as distribute to students in homeroom prior to the Target Day.

- What does enrichment mean? What type of enrichment will be available?**

Academic enrichment supplements the learning process. Target Days enrichment sessions include self-directed study, academic study groups, silent sustained reading, and counselor meetings/presentations.

- How many students will be in attendance for either enrichment or intervention?**

Over 80% of all students in grades 9-12 will be in attendance for school-based enrichment and/or intervention. While some juniors and seniors may be engaged in off-campus, independent enrichment (i.e. study groups, private tutoring, homework completion, test prep, etc.), the majority of juniors and seniors will be here for school-based sessions.

- What if a student doesn't attend a scheduled intervention session?**

This is a normal school day. Regular bus service will be offered for all students. Attendance will be taken as usual. An unexcused absence will result in normal school consequences.

- What if I am a part-time student, or have Post-Secondary, SES, or Career Development courses? Part-time, PSEOP and SES students who have a first hour class at EVHS will be scheduled for Target Day sessions (from 7:30 – 9:30am) and will follow their EVHS schedule as usual (leaving for their off-campus courses as necessary). Students who are scheduled off-campus in the morning (and at EVHS only later in the day) will not be scheduled for Target Day sessions.**

Because of the adjusted schedule on Target Days, students with off-campus Career Development courses will be advised each Target Day of the specific adjustment to their schedule.

Students should see an administrator with questions or unique situations.
