

- Eastview High School was the only high school in Minnesota to Close the Achievement Gap in all 2017 MCA Mathematic Assessment Student Groups.
- Eastview High School was one of two high schools in Minnesota to Close the Achievement Gap in all but one 2017 MCA Reading Assessment Student Groups.

Every Student Succeeds Act (ESSA) - World's Best Workforce (WBWF) System

2017 goals were established in reading and math for every student group, including American Indian, Asian, Hispanic, Black, White, Free or Reduced Price Lunch (FRPL), Special Education, and English learners (LEP). A school or district must have at least 20 students within a student group for that group to be included in the data. A school or district was considered to have met the goal if the proficiency index rates for all applicable student groups exceeded the 2017 target. ...your staff, your students, and your community are congratulated for this incredible accomplishment and commended for all the hard work you did to make it happen. Achievement gaps do not close without hard work and commitment.
