

EASTVIEW HIGH SCHOOL

Academic Honesty and Integrity Responsibilities

Academic honesty and integrity are essential to excellence in education. Since assignments, exams and other schoolwork are measures of student performance, honesty is required to ensure an accurate measurement of student learning. Each student, parent and faculty member has a responsibility to promote an academic culture that respects and fosters individual achievement through honest learning.

As an Eastview Scholar, I will uphold values of the highest ethical standard. I will practice honesty in my work, foster honesty in my peers, and take pride in knowing that honor in ownership is worth more than grades. I will carry these values beyond my time as a student at Eastview High School, continuing to build personal integrity in all that I do.

- Adapted from the Michigan State Honor Code

Student Responsibility:

- I will do my own learning and collaborate with others on graded assignments only when authorized by my teachers.

Parent/Guardian Responsibility:

- I will actively support my student in understanding and upholding the Eastview High School Honor Code.

Faculty Responsibility:

- I will promote the Eastview High School Honor Code by establishing expectations regarding academic honesty and integrity and be prepared to address violations of the Eastview High School Honor Code.

Our Collective Responsibility:

- **ALWAYS** take responsibility for your own learning.
- **ONLY** collaborate or share work on assignments, projects, or exams when your teacher gives permission.
- **NEVER** allow unauthorized collaboration on graded assignments or share test question information.
