

Value Puzzle Piece Project

Directions

1. Need to construct 10 puzzle pieces that have values you believe in listed on them.
2. These puzzle pieces can either be connected or apart. They need to be on a sheet of 7" x 7" paper.
3. On the backside of the puzzle, there needs to be a list of the 10 values used as part of the puzzle. Each value needs to list an example where the value was applied to an experience for you.
4. Do not list the definition of the value as a substitute for an experience.

Point breakdown

Examples of experiences where value was demonstrated = 10 points

Artistic expression = 5 points
