Prom 2018

Hassle-Free Cost-Effective TRANSPORTATION OPTION

Parents of Juniors and Seniors,

Although Prom is not until Saturday, May 26th, some students will begin discussions in the near future regarding planning for the event. In working with our Parents Are Key team (PAK) we feel compelled to share some important information about Prom to assist in helping you plan a safe and enjoyable evening for your students. As always, the safety of our students is our top priority at Eastview High School.

While we have seen a significant decrease in the use of party buses, there may be a few groups who choose to consider this transportation option. Based on our experience at Eastview, as well as collaboration with other metro schools, **we believe having a large number of students on a party buses is not a safe alternative for transportation unless the bus has proactive adult supervision** while students are riding (no different than if a parent were hosting a post-prom gathering at their home and providing supervision). We recommend parents supervise pre and post prom activities and/or have conversations with their children regarding making safe decisions during the times before and after the prom at International Market Square.

As an alternative, we are providing students the opportunity to ride a luxury coach bus to and from the Prom. This supervised round-trip opportunity includes a ride to the International Market Square at the conclusion of Grand March and back to EVHS at the completion of the Prom at 11:30 pm. Our Parents Are Key group is willing to invest in our students' safety by helping subsidize the cost of this opportunity, and are committed to keeping the cost at \$10 per person round trip. In addition, if students would like to travel in a smaller group, we have developed a partnership with Black Tie Limousine to offer discounts for Eastview students. Mention you are from Eastview when contacting Black Tie Limousine (952-884-3725).

Eastview High School does not supervise or have oversight over Black Tie Limousine, nor does it supervise pre and post prom activities or transportation arrangements other than the coach bus option that we provide. We offer these suggestions to assist you in planning for a safe and supervised prom experience for your children. Feel free to contact us if you have any questions.
